

Lincoln Park Public Schools

Preparing Tomorrow's Leaders at Lincoln Park Schools Today

Michael Meyer
Superintendent of Schools

Nicole C. Schoening, CPA, SFO
Business Administrator/Board Secretary

May 14, 2021

Dear Parents and Guardians,

I hope this update finds you well. Here is the weekly Covid-19 update.

1. Covid-19 update:

This Week

Students

	Isolation Positive	Close Contact	Travel Advisory	Symptomatic	Total
#	1	3	8	0	12

Staff

	Isolation Positive	Close Contact	Travel Advisory	Symptomatic	Total
#	0	0	0	0	0

Overall

Students

	Isolation Positive	Close Contact	Travel Advisory	Symptomatic	Total
#	3	6	14	0	23

Staff

	Isolation Positive	Close Contact	Travel Advisory	Symptomatic	Total
#	0	0	0	0	0

I hope you have a chance to get out and enjoy this beautiful spring weather. With the relaxing of restrictions by the governor, we are eagerly planning our end of year activities. They won't be the same as a normal year, but we are getting closer and they will certainly be an improvement over the 100% remote activities that were required last year.

As the weather gets hotter, please remember to send a water bottle in with your child. Some classrooms can become very warm and as you know, many of our classrooms do not have air conditioning. Hopefully, with your help, we can change that in the coming months. Here is some

information about our planned referendum, which plans for air conditioning throughout both schools, among other important projects.

Here is a link of Frequently Asked Questions about the referendum:

Lincoln Park Elementary School

1. Construction of four (4) additional classrooms added to LPES – lack of space caused preschool to be moved to LPMS years ago
2. Replacement of HVAC units – replace the original classroom ventilation units, many of which are over 50 years old, with enhanced ventilation, filtration and air conditioning units
3. Roof section replacement – Replacement of existing foam roof section with new built up roofing system

Lincoln Park Middle School

1. STEM lab upgrades – New power, furniture and equipment that will bring our STEM program to the forefront of middle school STEM programs
2. Replacement of HVAC units – replace the original classroom ventilation units, many of which are over 50 years old, with enhanced ventilation, filtration and air conditioning units
3. Front office/lobby renovations to maximize office space and improve security and efficiency
4. New rooftop air conditioning units to be added to the gymnasium and the APR
5. Roof section replacement – Replacement of existing foam roof section with new built up roofing system
6. Window replacement – Half of the 5th grade wing had windows replaced approximately ten years ago, but budget constraints prevented the rest of the wing from being replaced
7. Boiler System Replacement - Replace two of the four boilers
